

NORTHWEST CONCRETE MASONRY ASSOCIATION
PRESENTS

STRUCTURAL MASONRY DESIGN WEBINAR

This three-session webinar will focus on the requirements of 2015 IBC Chapter 21 and the referenced material standard TMS 402/ACI 530/ASCE 5. Both working stress and strength design of reinforced concrete masonry will be covered. Learn how to interpret and apply the building code through masonry building element design examples. Participants can earn continuing education credit.

Webinar Details:

Dates:	November 29, December 4 & 6, 2018
Time:	4 - 6:30 pm Pacific Time
Cost:	\$125 per session per internet connection or \$325 for all three sessions.
Connection:	The webinar will be conducted using Go-To-Meeting. Each connection site will receive one complimentary certificate of attendance. Additional certificates are available at \$10 each.
Materials:	The webinar workbook will be emailed to registrants for printing. Bound copies are available for \$45 each including shipping and handling.

Webinar Content:

November 29:	Masonry Materials, Code Overview, Beam Design, Anchor Bolts
December 4:	Column Design, In-Plane Walls, Masonry Veneer
December 6:	Out-of-Plane Walls, Quality Assurance, Constructability, Limit Design
