## **2022 Excellence in Masonry Awards Call for Entries**

Entries are now being accepted for the 2022 Robert Fraser Excellence in Masonry Design Awards.

The rules for the competition are noted below. Outstanding submissions will be selected by a jury of architect peers. The awards program will be held in conjunction with the Spokane Chapter AIA dinner meeting on September 22, 2022. The dinner will be hosted by the Masonry Industry Promotion Group and the Eastern Washington Masonry Producers Association.

### **ELIGIBILITY**

---

1. Any AIA member architect may enter projects.
2. Projects must be located in Eastern Washington, Central Washington, or North Idaho.
3. The project must have been **completed within the last five years to be eligible**. No under-construction or un-landscaped projects will be accepted. Previous winners are not eligible.
4. Masonry construction (brick, block, or stone) must be a dominant and outstanding feature of the building. **A special category, Best on the Block, will recognize design excellence utilizing concrete masonry materials.**

### **REGISTRATION**

---

1. Complete the enclosed registration form and transmit, along with entry fee, to the Eastern Washington Masonry Producers Association at the address above. You can also register online at [www.nwcma.org/awards](http://www.nwcma.org/awards).
2. Registration forms and entry fee must be received no later than **May 31, 2022**.
3. Entry Fee: \$150.00 for first entry, \$75.00 for each additional entry.
4. Completed submission materials, including photography, **must be received** no later than **June 30, 2022**.

*(Continued on next page)*

## **SUBMISSION**

---

1. All required items must be provided electronically via a USB drive or online file transfer.
2. No identification of the architect or architectural firm is allowed on any submitted materials (other than the registration form), only the name of the project.
3. Each entry must include a written description of the project (250-500 words) with emphasis on how and why masonry was used to meet the project requirements.
4. Eight to ten high quality color digital image files (sized at 8"x 10", 300 dpi, .JPG or .TIF format) must accompany each submission for judging and awards presentation purposes.

Digital images submitted should include the following:

- Elevations of exterior
  - View of interior (if masonry was used)
  - Overall view of structure
  - Special masonry details (close-ups)
  - Before shots if project is Rehab or Renovation
5. All photography submitted must include a signed release form. Entrants must clear rights to photos for incorporation in the MIPG, NWCMA, or other masonry publications.
  6. A site plan must be submitted in .PDF or .JPG format.
  7. Each entry will be judged based upon how it has met individual project requirements and the creative use of masonry construction. The jury uses submitted materials for their analysis. It is imperative that this information describe the project as clearly and accurately as possible.
